LIST K - SEDIMENTARY STRUCTURES - ALPHABETICAL LIST

Specific structure	Structure type	Specific structure	Structure type
algal banks	biogenic structures	hummocky cross-stratifica-	
algal biscuits	biogenic structures	tion	planar bedding structures
algal mats	biogenic structures	imbrication	planar bedding structures
algal mounds	biogenic structures	laminations	planar bedding structures
algal structures	biogenic structures	laminite	planar bedding structures*
antidunes	bedding plane irregularities	lebensspuren	biogenic structures
armored mud balls	secondary structures	load casts	turbidity current structures
ball-and-pillow	soft sediment deformation		*or* bedding plane
banks	biogenic structures		irregularities* *or* soft
bedding	planar bedding structures *or*		sediment deformation*
	primary structures*	massive bedding	planar bedding structures
bioherms	biogenic structures	megacyclothems	planar bedding structures
bioturbation	biogenic structures	megaripples	bedding plane irregularities
borings	biogenic structures*	microbial mats	biogenic structures
boudinage	soft sediment deformation*	microstylolites	secondary structures
Bouma sequence	turbidity current structures	mounds	bedding plane irregularities*
burrows	biogenic structures*	mud lumps	bedding plane irregularities
carbonate banks	biogenic structures	mud mounds	biogenic structures
casts	turbidity current structures*	mudcracks	bedding plane irregularities
	or bedding plane	olistoliths	soft sediment deformation *or*
	irregularities* *or* soft		turbidity current
	sediment deformation*		structures*
channels	planar bedding structures*	olistostromes	soft sediment deformation *or*
chevron marks	bedding plane irregularities		turbidity current structures*
clastic dikes	soft sediment deformation	oncolites	biogenic structures
Collenia	biogenic structures	parting lineation	bedding plane irregularities
concretions	secondary structures	rhizoliths	biogenic structures*
cone-in-cone	secondary structures	rhythmic bedding	planar bedding structures
convoluted beds	soft sediment deformation *or*	rhythmite	planar bedding structures
	turbidity current structures*	ripple drift-cross lamina-	planar bedding structures
coprolites	biogenic structures	tions	
cross-bedding	planar bedding structures	ripple marks	bedding plane irregularities
cross-laminations	planar bedding structures		*or* primary structures*
cross-stratification	planar bedding structures	sand bodies	planar bedding structures
current markings	bedding plane irregularities* *or*	sand ridges	bedding plane irregularities
	planar bedding structures	sand waves	bedding plane irregularities
cut and fill	planar bedding structures	sandstone dikes	soft sediment deformation
cyanobacterial mats	biogenic structures	scour casts	bedding plane irregularities
cyclothems	planar bedding structures	scour marks	bedding plane irregularities
cylindrical structures		seismites	soft sediment deformation*
dune structures	bedding plane irregularities	septaria	secondary structures
flame structures	soft sediment deformation	slump structures	soft sediment deformation
flaser bedding	planar bedding structures	sole marks	turbidity current structures*
flow structures	soft sediment deformation *or*		*or* bedding plane
	turbidity current structures*		irregularities*
flute casts	bedding plane irregularities	stratification	planar bedding structures*
fossil ice wedges	bedding plane irregularities	striations	bedding plane irregularities*
frost features	bedding plane irregularities	stromatactis	biogenic structures
geodes	secondary structures	stromatolites	biogenic structures
girvanella	biogenic structures	stylolites	secondary structures
graded bedding	turbidity current structures*	thrombolites	biogenic structures
	or planar bedding	tidalite	primary structures*
	structures*	tool marks	bedding plane irregularities
groove casts	bedding plane irregularities	tracks	biogenic structures*
grooves	bedding plane irregularities	trails	biogenic structures*
		varves	planar bedding structures
