AGI Honored by California State Mining and Geology Board

The California State Mining and Geology Board has recognized the American Geological Institute (AGI) for its role in promoting earth science education and outreach in the state of California. AGI was officially honored at the December 14, 2006 State Mining and Geology Board meeting in Riverside, California, which included the presentation of a plaque citing the Mining and Geology Board's appreciation for providing the tools and resources necessary to accomplish both the Board's and AGI's common goals of promoting earth science education.
