Critical Issues: Map of the Day - Coastal Geoscience Features in the U.S.

Image not found. Image type unknown

#MapOfTheDay! Today the Critical Issues Program (@AGI_GeoIssues) shared a map of U.S. coastal and marine geoscience features from the Marine Cadastre (@MarineCadastre), a joint program of the National Oceanic and Atmospheric Administration (@NOAA) and the Bureau of Ocean Energy Management (@BOEM_DOI), which you can find at <http://bit.ly/29tVN63>. If you're interested in coastal geoscience issues, check out our FAQ. Also, register for tomorrow's webinar, Desalination as a Source of Fresh Water.
