Critical Issues: Map of the Day - Water Wells in Illinois

Illinois State Geological Survey

#MapOfTheDay! Today the Critical Issues Program (@AGI_GeoIssues) shared an interactive map of water wells in Illinois from the Illinois State Geological Survey (@ILGeoSurvey), which you can find at <http://bit.ly/1EE9HoT>. If you're interested in learning more about groundwater resources, check out our webinar, *Water as One Resource: How interactions between groundwater and surface water impact water availability*.
