SSA: Session Proposal Deadline October 1

Seismological Society of America

The Seismological Society of America is seeking submissions for special sessions for their 2017 Annual Meeting. The deadline to submit is October 1, 2016. They encourage geoscientists to submit a session on cutting-edge research, methodology and technology developments and sessions are encouraged from across the broad fields of earthquake science, geotechnical and earthquake engineering, and seismology.

The SSA Annual Meeting will be held in Denver, Colorado on April 18-20, 2017.
