Critical Issues: Map of the Day - Geothermal Power Generation by State

~~Information on Renewable Energy~~
National Renewable Energy Laboratory

#MapOfTheDay! Today the Critical Issues Program (@AGI_GeoIssues) shared a map of geothermal power generation capacity in each U.S. state from the National Renewable Energy Laboratory (@NREL), which you can find at <http://bit.ly/1BnlUkJ>. If you're interested in learning more about the cutting edge of geothermal energy, check out our FAQ on enhanced geothermal systems.
