Critical Issues: Map of the Day - Historical Hurricane Tracks

National Oceanic and Atmospheric Administration

#MapOfTheDay! Today the Critical Issues Program (@AGI_GeoIssues) shared *Historical Hurricane Tracks*, an interactive map of historical hurricane tracks around the world from the National Oceanic and Atmospheric Administration (@NOAA), which you can find at <http://bit.ly/1PjIG5Y>. For more information on hurricanes, including real-time monitoring of current hurricanes and tropical storms, check out the National Hurricane Center.
