

Critical Issues Forum 2016: A Success!

American Institute of Professional Geologists

Association of American State Geologists

Geological Society of America

International Association of Hydrogeologists/U.S. National Chapter

National Association of State Boards of Geology

The 2016 Critical Issues Forum, Addressing Changes in Regional Groundwater Resources: Lessons from the High Plains Aquifer concluded today at the Colorado School of Mines Ben H. Parker Student Center. An initial summary of social media posts using #CIForum16 were compiled connecting people to various resources, but also communicate interesting questions raised at the event. A summary report will be available within the next year.
