Critical Issues: Map of the Day - Volcanoes and Volcanic Activity Alerts across the United States

#MapOfTheDay! Interactive map of #volcanoes and current volcanic activity alerts from @USGS: <http://bit.ly/1Fr07sC>

#MapOfTheDay! Today the Critical Issues Program (@AGI_GeoIssues) shared an interactive map of volcanoes and current volcanic activity alerts across the United States from the Volcano Hazards Program at the U.S. Geological Survey (@USGS), which you can find at <http://bit.ly/1Fr07sC>. For over 300 reports from trusted sources about volcanoes, check out our Research Database.
