AAPG: Interview with Noble Energy's Henry Pettingill on "Innovative Thinking for Deepwater Success"

American Association of Petroleum Geologists

The American Association of Petroleum Geologists (AAPG) Learn Blog published an interview with Noble Energy's Geology and Exploration Manager, Henry Pettingill. With many noteworthy deepwater discoveries in the Levant and Leviathan fields in the Mediterranean, AAPG asked Pettingill to share what has led to these successes. Pettingill shares how changes in approach and innovative application of technology has not only led to better outcomes, but fewer surprises. Read the full interview [here](#).
