

Geoscience Student Exit Survey

GEOSCIENCE STUDENT

AGI's Geoscience Workforce Exit Survey

Description and Purpose

This survey was developed to ascertain from geoscience degree recipients the relevant experiences in school and their immediate career plans upon graduation.

Participation and Data Collection

We have completed two pilot runs of the survey, and will be rolling it out nationally in 2014! For more information about the project and how to participate, contact us at workforce@americangeosciences.org.
