

Professional development opportunity: AGI/AIPG webinar on environmental modeling

American Institute of Professional Geologists

Live Webinar - Techniques for Developing High Resolution LNAPL Conceptual Site Models -- Wednesday, January 18, 2017, 1:00pm EST

The American Institute of Professional Geologists (AIPG) and AGI will hold a joint webinar as part of the Geoscience Online Learning Initiative (GOLI) series. This webinar, intended for geoscientists involved in Light Non-Aqueous Phase Liquid (LNAPL) assessment and remediation, will provide information on how to develop hi-res conceptual site models that can be used to guarantee project goals are met.
