House oversight hearing looks at DOI burdens to onshore energy production

On January 18, the House Natural Resources Subcommittee on Energy and Mineral Resources held an oversight hearing to assess the Department of the Interior's (DOI) progress on eliminating burdens to domestic onshore energy production. During the hearing, witnesses commented on the regulatory uncertainties, inefficiencies, and inconsistencies that may disproportionately impact small businesses. BLM's Deputy Director for Programs and Policy Brian Steed affirmed that recent actions to reduce regulatory burdens have created more revenue for the agency.
