

Krista Rybacki

Krista Rybacki graduated from Missouri University of Science and Technology in Rolla with a Bachelor of Science degree in Geology and Geophysics with an emphasis in Geochemistry in May 2012. As part of her undergraduate studies, Krista participated in research studying the flood sediment deposits in the scour valley from the Taum Sauk Reservoir failure. She was active in the department and community as a member of C.L. Dake Geological Society/AAPG, Society of Exploration Geophysicists (SEG), Phi Kappa Phi Honor Society, and Sigma Gamma Epsilon Honor Society. In spring of 2012, Krista was inducted into Missouri S&T's Mines and Metallurgy Academy and graduated with highest honors. Her interests include climate studies, geochemistry research, and science education. This summer, Krista is looking forward to the opportunity to gain insight on the processes between the geosciences and public policy. She is originally from Nashville, IL.
