Recap: SEG Annual Meeting #geophysics #energy

Society of Exploration Geophysicists

The Society for Exploration Geophysicists (SEG) published a recap of their annual meeting in *The Leading Edge* and featured positive messaging, underscoring the value of technological innovation even in troubled economic times. Read the summary article to get highlights from keynote speakers, learn about SEG innovations for members, find colleagues' names among this year's awardees, get an update on the SEG Wiki and explore student programming.
