Minerals in Montana - MT Bureau of Mines and Geology Announces 2017 Symposium

Montana Bureau of Mines and Geology Symposium Flyer

The Montana Bureau of Mines and Geology announced its 2017 Symposium will happen in October, 2017. It is billed as "a forum where professionals, students, and amateurs interested in mineralogy and economic geology can share knowledge about mineral occurrences in the northern Rocky Mountain Region." The announcement can be downloaded from this post. For more details visit: <https://www.mbmh.mtech.edu>.
