60 Years of Engineering Geology!

Association of Environmental & Engineering Geologists
Cover of the Recent Issue of AEG News

It's hard to quickly recap the last 60 years of engineering geology, but the Association of Environmental and Engineering Geologists (AEG) shared a few highlights in its recent issue of AEG News. From the building of the Panama Canal, to the origin of licensure, this is the story of a society that formed as engineering geologists became an integral part of society. Continue the celebration at AEG's 60th Annual Meeting in September.
