

Investigation 7: Glaciers, Erosion and Deposition

This investigation will help you to:

- Learn more about glaciers.
- Find information on glacier related videos.

To learn more about glaciers, visit the following web sites:

Warnings from the Ice, **NOVA**

The companion site to the NOVA program about the Antarctic glaciers

Cryosphere, **Rice University**

Provides general information on glaciers as well as more detailed information on Antarctica.

All About Glaciers, **NSIDC**

A glacier site suitable for people of all ages.

Coastal-Change and Glaciological Maps of Antarctica, **USGS**

Climate change and effects on glaciers as seen on Antarctica. Uses Landsat imagery.

Glacier Satellite Imagery, **USGS**

Site that contains glacier satellite imagery.

The following sites have information on glacier related videos:

The Collapse of a Glacier, **YouTube**

Incredible footage of a glacier collapse.

Retreating Glacier, **YouTube**

In Pucarumi, a small community in the foothills of the snow-capped Peruvian Andes, Felipe mulls the fate of the life-giving Ausangate glacier. Year after year, the great white glacier of his boyhood has receded and slowly turned black.

Glacier National Park DVD, **YouTube**

View this YouTube video on Glacier National Park.
