

Climate and Weather: ERRATA

Notes on the 2001 Edition

- Investigation 1: Observing Weather
- Investigation 2: Comparing Weather Reports
- Investigation 3: Weather Maps
- Investigation 4: Weather Radiosondes, Satellites, and Radar
- Investigation 5: The Causes of Weather
- Investigation 6: Climates
- Investigation 7: Exploring Climate Change
- >Investigation 8: Climate Change Today

Investigation 1: Observing Weather

Teacher's Edition, Page 29

First paragraph, the energy associated with the motions of particles is called internal energy and therefore, the word "heat" should be replaced with "internal energy."

Investigation 2: Comparing Weather Reports

NONE

Investigation 3: Weather Maps

Student Edition, Page 35

The second picture shows cross-sections of cold front on the left and warm front on the right but the caption says "cross-sections through warm and cold fronts" Caption should say "cross-sections through cold and warm fronts".

Investigation 4: Weather Radiosondes, Satellites, and Radar

NONE

Investigation 5: The Causes of Weather

Teacher's Edition, Page 182, Clouds

Second sentence, remove "(i.e., its heat energy)" from end of the sentence.

Investigation 6: Climates

NONE

Investigation 7: Exploring Climate Change

NONE

Investigation 8: Climate Change Today

NONE
