

"Life as a Geoscientist" Photo Contest

We are looking for any and all geoscience images featuring your internships, research, or geoscience work as a whole. Photos can be entered into three different categories: Outdoor Lab, Indoor Lab, and Data Visualization. We want your best photos showing what geoscience work and research looks like and why you love being a geoscientist. Submitting epic photos allows participants the opportunity to win prizes!

All submitted materials should be sent to GeoLifePhotoContest@americangeosciences.org

Deadline to submit is November 16th, 2018

Our staff will choose the best submitted photos from each category.

All participants must abide by the rules and regulations below:

- Individual entrants cannot submit more than 10 photos
- Along with the submitted contest photos, entrants are required to submit a  [Photo Release Form](#)
- All photos featuring individuals' faces require the submission of a  [Model Release Form](#) with signatures from each recognizable person in the photo
- Individuals in photos must be displaying proper field and/or lab attire.
- By submitting a photo, the entrant gives AGI permission to use this material in future printed and digital publications
- Include location of the picture along with a brief caption
- Photos submitted past the deadline of November 16th, 2018 will be ineligible to win any prizes

Category Description and Prizes:

Data Visualization

- Pictures including the presentation of data in a pictorial or graphical format (Ex: immersion labs, visualization labs, etc.)

Outdoor Lab

- Pictures including geoscience work and labs in an outdoor setting (Ex: Ice core drilling, water chemistry, etc.)

Indoor Lab

- Pictures including geoscience work in a conventional lab setting, studying, and/or using visual aides (Ex: unknown chemical analysis, studying for finals, using scaled models etc.)

Prizes:

- One winner will be selected from each category to win a \$50 dollar Amazon gift card, a year subscription to Earth Magazine, and an AGI travel mug and coaster.
- One student will be selected for overall best student picture to win a 2016 Geoscience Handbook and an AGI travel mug and coaster. The overall best student picture is eligible for a category prize as well as the overall student prize.

BEFORE YOU SUBMIT

HAVE YOU INCLUDED....

- Photo Release Form
- Model Release Form for each face that appears in your picture
- Pictures are in high resolution and in JPEG, TIFF, GIF, or PNG format

- Caption including activity conducted in picture and location (please include in email)
