## Student opportunity: Apply for scholarships from Society of Exploration Geophysicists!

*The following message was sent by the Society of Exploration Geophysicists:*

During the 2018-2019 school year, the SEG Scholarships program awarded 122 scholarships to dedicated students studying geosciences at various universities around the world.

Our scholarships range from \$500 to \$10,000 USD per academic year, averaging about \$3,700 per scholarship. The number of available scholarships depends chiefly upon the number of sponsors and the amount they contribute each year.

To learn more about eligibility requirements and to complete an online scholarship application for the 2019-2020 school year, please visit our website.

Applications must be submitted no later than 1 March 2019. The SEG Scholarship program is another tool available to students to help maximize your education and ensure a successful career. We hope you will consider this unique opportunity to further your education.
