

Understanding Professional Geologist License Requirements: California 2019

This course focuses on the qualification requirements to get a Professional Geologist (PG) license in California and upcoming changes that applicants should understand. It will also provide an overview of the California laws and regulations that govern the practice of geology. Knowledge of California's Geologist and Geophysicist Act along with the accompanying regulations is one of the responsibilities that is part of being a licensed professional.

The course presenter is Laurie Racca, PG 6980, Senior Registrar, Geology and Geophysics, California Board for Professional Engineers, Land Surveyors, and Geologists.

Organization:

- American Geosciences Institute
