Order Your Earth Science Week 2023 Toolkit Now

ALEXANDRIA, Va. — Place your advance order for the 2023 Earth Science Week Toolkit today. The toolkit contains everything you need to prepare for Earth Science Week (October 8-14, 2023), which celebrates the theme "Geoscience Innovating for Earth and People." This year's toolkit includes:

- 12-month school-year activity calendar, suitable for hanging
- New Earth Science Week poster, including instructional ideas
- NASA Explore the Globe game poster using satellite images
- USGS Water Cycle diagram flyer, updated version
- Flyer on resources from the Soil Science Society of America
- Geologic Map Day poster on the use of lidar in geoscience
- NOAA booklets on climate literacy and climate resiliency
- Mineral Education Coalition material on Jobs of Tomorrow
- Discovering Caves resource from National Speleological Society
- American Geophysical Union material on geoscience in the news
- Information on meteorology and geoscience from AMS
- EarthScope Consortium flyer on earthquakes and plate tectonics
- AIPG material featuring a geologic timescale and more
- Association for Women Geoscientists flyer on innovations
- Forest Service material on fossils of federal lands
- Flyer on resources and more from Nutrients for Life Foundation
- Earth science material for educators from NESTA and NAGT
- Bureau of Land Management dinosaur coloring page
- Caves and karst education material from NCKRI
- Gemological Institute of America information and games
- NRCS activity sheets on soil data and urban agriculture
- Resources on climate and energy science from CLEAN
- Geoscience education material from Nourish the Future

Order the 2023 Earth Science Week Toolkit now. The toolkit is free and available for just the cost of shipping and handling, \$9.50 for the first toolkit and \$2.50 for each additional toolkit in the United States. See the AGI Store for special pricing on a 3-pack of toolkits addressing topics including water science, the geoscience of sustainability, and geoscience innovation.

Toolkits are available for advance order now. The Earth Science Week 2023 Toolkit will begin shipping in mid-August 2023.

For special shipping, bulk orders, and more information, email John Rasanen at jr@americangeosciences.org

About AGI

The American Geosciences Institute (AGI), a federation of scientific and professional associations representing over a quarter-million geoscientists, is a nonprofit 501(c)(3) organization dedicated to serving the geoscience community and addressing the needs of society. AGI headquarters are in Alexandria, Virginia.
