Get 50% Off Select AGI Publications on the New Web Store

FOR IMMEDIATE RELEASE

John Rasanen (jr@americangeosciences.org)

July 24, 2017

ALEXANDRIA, Va. — The American Geosciences Institute is excited to announce discounts on all print publications and promotional items currently in stock. From now until July 31, you can get 50% off on most items, including:

- *Glossary of Geology, Fifth edition (revised)* - a must-have in any geoscientist's library, this indispensable reference tool contains nearly 40,000 entries.
- *The Geoscience Handbook 2016: AGI Data Sheets, Fifth edition* - a quick reference tool for key metrics and concepts and a guide to cornerstone papers and recent developments. Now including short tutorials on topics that may not be familiar to all geoscientists.
- *Status of the Geoscience Workforce 2016* - the latest comprehensive benchmark of education, labor, and economic metrics for the geoscience profession.
- And much more!

We encourage you to explore these offerings on our new Web store, store.americangeosciences.org. Alternatively, a printable PDF version of the catalog is available here: <https://www.americangeosciences.org/sites/default/files/2017-AGI-Pubs-Catalog.pdf>.

Looking for apparel? Now you can sport the AGI or "I'm a geoscientist" logo on a wide selection of Lands' End products. Check out our new storefront: <https://business.landsend.com/store/geosciences/>.

Restrictions: Limit 5 items per customer; no other discounts apply; this offer does not apply to Lands' End apparel, shipping/handling costs, any advertised bulk pricing or to EARTH Magazine subscriptions.

Questions? Contact John Rasanen at jr@americangeosciences.org or call (703) 379-2480, ext. 224.

About the American Geosciences Institute

The American Geosciences Institute is a nonprofit federation of geoscientific and professional associations that represents more than 250,000 geologists, geophysicists and other earth scientists. Founded in 1948, AGI provides information services to geoscientists, serves as a voice of shared interests in the profession, plays a major role in strengthening geoscience education, and strives to increase public awareness of the vital role the geosciences play in society's use of resources, resiliency to natural hazards, and interaction with the environment.

AGI represents and serves the geoscience community by providing collaborative leadership and information to connect Earth, science, and people.
