

## IAPG has become member organisation of the ICPHS

The International Association for Promoting Geoethics

IAPG has become member organisation of the ICPHS - International Council for Philosophy and Human Sciences. Martin Bohle, IAPG Corresponding Citizen Scientist, represented IAPG in the ICPHS General Assembly (held at the ...). The ICPHS is a non-governmental organisation within UNESCO, which federates hundreds of different learned societies in the field of philosophy, human sciences and related subjects. The ICPHS (<http://www.cipsh.net/>) coordinates the international works and researches carried out by a huge constellation of centres and networks of scholars. It favours t...
