

IAPG and SGP signed an Agreement for Cooperation

The International Association for Promoting Geoethics

On 3th July 2017, IAPG - International Association for Promoting Geoethics and SGP - Sociedad Geológica del Perú¹ (Peruvian Geological Society) has signed an Agreement for Cooperation. The aim of the agreement is to promote a co-ordinated policy for promoting initiatives and events of common interest. In particular, IAPG and SGP will promote the involvement of their members in discussion on ethical and social implications of geoscience knowledge, education, research, practice and communication. IAPG and SGP will cooperate in the organization of the geoscience ...
