

EarthComm Earth's Fluid Spheres: Oceans and Your Community Activity 6

This investigation will help you to:

- El Nino, Phytoplankton, and Global Geochemical Cycles
- El Nino and Marine Birds

El Nino, Phytoplankton, and Global Geochemical Cycles

- "SeaWiFS Project Homepage" - NASA/GSFC
Homepage of SeaWiFS Project which generates false color images that show phytoplankton blooms. Includes data sets images and a teacher resources page.

El Nino and Marine Birds

- El Nino, Waterfowler.com
Learn how an El Nino year effected waterfowl migration movements throughout the Flyways.
- Water, EPA
Explore the ENSO-related events such as changes in runoff and streamflow regimes, reductions in water quality associated with changes in runoff, and human demands for water supplies affect waterfowl.
