NASA names new Associate Administrator

February 23, 2015

Steve Jurczyk is the new Associate Administrator for the Space Technology Mission Directorate at NASA, replacing Michael Gazarik who left NASA earlier in February. Jurczyk has been at NASA for 27 years, serving most recently as Center Director for NASA's Langley Research Center in Hampton, Virginia. Jurczyk is an accomplished engineer, and has previously worked for NASA as both an electronics engineer and an instrument systems engineer.
