What are environmental regulations on mining activities?

American Geosciences Institute
What are rare earth elements, and why are they important?
U.S. Geological Survey

What are tar sands?
American Geosciences Institute

What are the advantages and disadvantages of offshore wind farms?
American Geosciences Institute

What are the different types of coal?
American Geosciences Institute
What are the different types of landslide hazard maps? What do they mean?
U.S. Geological Survey

What are the effects of contaminants on water quality?
American Geosciences Institute

What are the energy-related carbon dioxide (CO2) emissions by source and sector for the United States?
U.S. Energy Information Administration

What are the main methods of mining?
American Geosciences Institute

What are the major sources and users of energy in the United States?
U.S. Energy Information Administration
What are the main methods of mining?
American Geosciences Institute

How much oil does the U.S. export and import?
American Geosciences Institute

What are the advantages and disadvantages of offshore wind farms?
American Geosciences Institute

What are El Niño and La Niña?
American Geosciences Institute

How can metal mining impact the environment?
American Geosciences Institute
