

Coalitions and Working Groups

AGI advocates on behalf of the geosciences by building alliances with various organizations committed to similar policy objectives. AGI is involved with the following groups:

- 3D Elevation Program (3DEP) Coalition
- Climate Science Working Group (CSWG)
- Coalition for National Science Funding (CNSF)
- Earth and Space Science Caucus (ESSC)
- Energy Sciences Coalition (ESC)
- Friends of NOAA (FoNOAA) Coalition
- Geopolicy Working Group (GWG)
- Hazards Caucus Alliance (HCA)
- Minerals Science and Information Coalition (MSIC)
- National Earthquake Hazards Reduction Program (NEHRP) Coalition
- Research and Development (R&D) Caucus Advisory Committee
- Science and Human Rights Coalition (SHRC)
- Science, Technology, Engineering, Mathematics (STEM) Education Coalition
- Science-Engineering-Technology (SET) Working Group
- U.S. Geological Survey (USGS) Coalition
