Description:

The mini-grants program is intended to support projects that foster creative expression, collaboration, and interaction with a diverse community. The funding program provides an opportunity for educators, whose efforts are often inadequately funded or recognized, to create special activities outside the standard curriculum and make time to encourage their students. Projects funded in the past include murals, pen pal groups, quilts, theater productions, newspapers and other publications, intergenerational activities, and programs that bring disparate communities together. Public schools and public libraries are eligible to apply. Preschool head start programs also are eligible. Only public organizations are eligible; private and parochial schools should not apply. Charter schools also are ineligible. Applicants must be located in the U.S. or its commonwealths or territories, including Puerto Rico and Guam. Only one application from each library or school will be considered. Eligibility: public schools and public libraries for projects that foster creative expression, working together and interaction with a diverse community. They also represent an opportunity for educators, whose efforts are often inadequately funded or recognized, to create special activities outside the standard curriculum and make time to encourage their students. Deadlines: Yearly
