

North American Commission on Stratigraphic Nomenclature (NACSN)

ERN Item Type:

- Member Societies

Organization:

North American Commission on Stratigraphic Nomenclature (NACSN)

Website Link:

<http://www.nacstrat.org/WkLMZ/>

Description:

The purposes of the Commission are to: develop statements of stratigraphic principles; recommend procedures applicable to classification and nomenclature of stratigraphic and related units; review problems in classifying and naming stratigraphic and related units; and formulate expressions of judgment on these matters.
