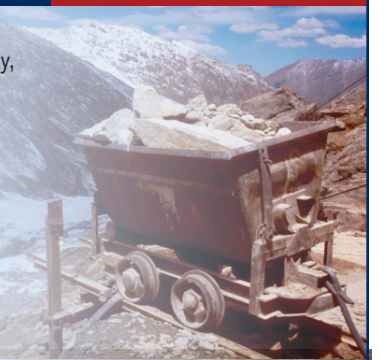
CALL FOR ABSTRACTS • Abstract submittal: January 15, 2017–March 31, 2017

The SEG 2017 Conference in Beijing, China, will focus on *Ore Deposits of Asia: China and Beyond*. Abstracts are welcome to be submitted on the specific themes listed below. All submissions related to economic geology, even those not related to ore deposits in Asia, will be considered on their own merit for poster presentations. The abstract submission website is open from **January 15 to March 31, 2017**. Abstracts of up to 500 words (no figures, tables, or references) may be submitted online at www.seg2017.org/submit-an-abstract.html.



Themes

- Tectonics and metallogeny of Asia
- New discoveries and exploration potential of Asia
- Mineral deposits of Tibet
- Structural geology of ore deposits
- Magmatic Ni-Cu-PGE deposits
- Porphyry provinces of the Western Pacific
- Skarn deposits—metal content and zonation
- Copper and IOCG deposits of Asia
- Sediment-hosted base metal deposits of Asia
- Orogenic gold deposits of Asia
- Epithermal gold deposits of Asia
- Sediment-hosted gold deposits of Asia
- REE and rare metal deposits
- New analytical techniques and equipment applied to ore deposits
