## EARTH Magazine App Now Available on Android Phones

Alexandria, VA – EARTH Magazine is now available as a free app on the Android mobile platform (requires Android 1.6 or later).

The EARTH Magazine app provides access to selected content from the magazine directly to your Android device. This dynamic app allows users to access featured articles, news items, opinion pieces, classified ads and video summaries of selected features. In addition, users can subscribe to the print edition of the magazine at a discounted rate via the program.

Download the EARTH Magazine app from the Android Market on your mobile device by searching for “earth magazine.” Or use the

included QRCode to instantly access the EARTH app.

Look for new features coming soon as well as the development of an EARTH Magazine app for the iPhone.

Keep up to date with the latest happenings in earth, energy and environment news with EARTH Magazine, available on local newsstands or online at <http://www.earthmagazine.org/>. Published by the American Geological Institute, EARTH is your source for the science behind the headlines.
