

The **2025 Earth Science Week Toolkit** includes a variety of high-quality resources aimed at enhancing geoscience education. Expect engaging posters, hands-on activities, and informative flyers that cover essential earth science topics. As in previous years, this year's toolkit features contributions from prominent geoscience organizations, providing valuable materials to enrich your teaching and foster student interest in earth sciences. Explore this comprehensive collection to bring the wonders of earth science to your classroom.

The 2025 ESW Toolkit includes:

- **Activity Calendar** from American Geosciences Institute, featuring activities and case studies from
 - American Association of Petroleum Geologists
 - American Geophysical Union
 - Earth Observations for the SDGs
 - Earth Science Information Partners
 - The Geological Society of America
 - Mineralogical Society of America
 - Minerals Education Coalition
 - National Aeronautics and Space Administration
 - National Oceanic and Atmospheric Administration
 - National Park Service
 - Society of Exploration Geophysicists EVOLVE Program
 - Soil Science Society of America
 - U.S. Geological Survey
- **Activity Pages** from
 - Gemological Institute of America
 - National Cave and Karst Research Institute
 - The National Energy Education Development Project
- **Bookmarks** from
 - American Institute of Professional Geologists
 - Association for Women Geoscientists
 - National Association of Geoscience Teachers
 - National Oceanic and Atmospheric Administration

- **Flyers from**
 - American Geosciences Institute
 - Critical Materials Innovation Hub
 - EarthScope Consortium
 - Infiniscope
 - National Marine Sanctuary Foundation
 - Natural Resources Conservation Service
 - Nutrients for Life Foundation
 - Soil Science Society of America
 - Seequent
 - The University of Texas at Austin Choose Energy Program
- **Partners Resource Page** that includes links to resources from
 - American Association of Geographers
 - American Geosciences Institute
 - American Meteorological Society
 - Climate Literacy & Energy Awareness Network
 - EARTHDAY.org
 - Energy4Me
 - National Park Service
 - Nevada Mining Association
 - The University of Texas at Austin Choose Energy Program
- **Postcards from**
 - Association of Environmental & Engineering Geologists
 - Minerals Education Coalition/ Society for Mining, Metallurgy, and Exploration
 - National Earth Science Teachers Association
- **Posters from**
 - American Geosciences Institute
 - American Geophysical Union
 - U.S. Geological Survey
